The Tabor School Core

The Tabor School of Business creates opportunities for students to perform and compete, early and often, to build the confidence to succeed. We expect commitment, hard work, accountability, and honesty.

Tabor Focus

Students learn and develop successful business practices. Students will be better prepared for their career path when they perform what they have learned. Performance Learning projects include student-run ventures, small business consulting teams, client projects, internships, auditing projects, business plans, student-managed investment fund, and numerous other opportunities to demonstrate their learning. Tabor students develop skills and attitudes needed to compete and succeed in the workplace by:

Doing in-field work early and often.

Customizing their experience by learning marketable skills through certificates. Take an optional 5th year and complete a Master's of Business Administration (MBA).

Tabor students have an integrated experience with companion learning labs that tie key components together. The four year experience involves:

Year 1: Early Business Engagement

Year 2: Sharpened Thinking and Enhanced Communication

Year 3: Expertise Building, Management, and Leadership

Year 4: Demonstrating Mastery

Students who major in Tabor:

Develop a personal brand and vision.

Create business plans and assess risk.

Use spreadsheet, word processing, database, and project management software to get work done.

Prepare financial statements and communicate financial information.

Use financial and statistical information to make decisions.

Create and deliver formal written reports and oral business presentations, lead meetings, and engage in professional conversations.

Work with 3rd parties in the community early and often.

Develop strategic plans.

Tabor School Learning Goals

Students will become career-ready by:

- 1. Applying business concepts to practical situations through such things as internships, projects, consulting, and competitions.
- 2. Demonstrating written and verbal communication appropriate for business professionals.
- 3. Gaining a global business perspective through experiencing diverse cultures.
- 4. Developing the ability to build and work effectively in diverse teams.
- 5. Effectively apply quantitative reasoning to solve business problems

Internship Program

The Tabor Internship Program offers students still another avenue for integrating theory and practice. Within an internship, students practice skills and apply theories learned in the classroom and enhance their professional development in their major fields of study. All students graduating with a degree from the Tabor School of Business will complete at least one internship.

The Tabor School is committed to providing internships that expose students to the various facets of a business professional position. The educational aspect of internships is crucial to the granting of academic credit and differentiates the internship from other work experiences. Hence, each internship is preceded by a learning contract articulating the goals, objectives, and scope of the experience. The contract is agreed to by the company, the student, and the faculty advisor. The overall program is facilitated by a coordinator who assists students in developing internships and builds relationships with cooperating firms. The responsibility for learning in an internship is shared by the student, the Tabor faculty advisor, and the organization receiving the services of the intern. The student is expected to provide a service of value to the business, the organization is expected to provide a breadth of learning experience to the student, and the Tabor faculty advisor is expected to help the student interpret the experience.

Business Curriculum Elements and Credit Requirements

For the Bachelor of Science degree with a major in Accounting, Business Management, Digital Media Marketing, Entrepreneurship, International Business, or Information Systems a student must complete all University Studies requirements and all degree and major requirements established by the Tabor School. Both sets of requirements may be satisfied by the student completing a 124-credit program of study.

University Studies (25-26) Tabor School of Business Core (61) Tabor School of Business Major* (21-29) Electives* (18-21) Total (124)

University Studies Requirements (25-26)

Tabor Learning Goal #1 Performance Learning Rubric

Applying business concepts to practical situations through such things as internships, projects, consulting, and competitions

	Mastery 4	Proficient 3	Developing 2	Beginning 1
Understanding the Disciplines Sees (makes) connections across disciplines, perspectives	Independently synthesizes or draws conclusions by combining examples, facts, or theories from more than one field of study or perspective.	Independently connects examples, facts, or theories from more than one field of study or perspective without drawing conclusions.	When prompted, connects examples, facts, or theories from more than one field of study or perspective without drawing conclusions	When prompted, presents examples, facts, or theories from more than one field of study or perspective.
Application Adapts and applies skills, abilities, theories, or methodologies gained in one situation to new situations	Adapts and applies, independently, skills, abilities, theories, or methodologies gained in one situation to new situations.	Applies, independently, without adaptation, skills, abilities, theories, or methodologies gained in one situation to new situations.	When prompted, applies, without adaptation, skills, abilities, theories, or methodologies gained in one situation in a new situation	Applies, in a basic way, skills, abilities, theories, or methodologies gained in one situation in repeated situations.
Engaging Third Party Stakeholder <i>Connects relevant</i> <i>experience and</i> <i>academic knowledge on</i> <i>behalf of external</i> <i>stakeholder</i>	Analyzes stakeholder situation and applies knowledge and previous experience to make meaningful recommendations to the stakeholder that are both feasible and situation specific	Analyzes stakeholder situation and applies knowledge and previous experience to make general recommendations to the stakeholder that are feasible but might are not tailored to the specific stakeholder.	Accurately analyzes stakeholder situation but fails to make recommendations.	Struggles to demonstrate understanding of the stakeholder's situation.

Tabor Learning Goal #2a Written Communication Rubric

Students will become career ready by demonstrating written communication appropriate for business professionals

	Mastery 4	Proficient 3	Developing 2	Beginning 1
Context of and Purpose for Writing <i>Includes considerations</i> <i>of audience, purpose,</i> <i>and the circumstances</i> <i>surrounding the writing</i> <i>task(s).</i>	Demonstrates a thorough understanding of context, audience, and purpose that is responsive to the assigned task(s) and focuses all elements of the work.	Demonstrates adequate consideration of context, audience, and purpose and a clear focus on the assigned task(s) (e.g., the task aligns with audience, purpose, and context).	Demonstrates awareness of context, audience, purpose, and to the assigned tasks(s) (e.g., begins to show awareness of audience's perceptions and assumptions).	Demonstrates minimal attention to context, audience, purpose, and to the assigned tasks(s) (e.g., expectation of instructor or self as audience).
Content	Uses appropriate, relevant, and compelling content to illustrate mastery of the subject, conveying the writer's understanding, and shaping the whole work.	Uses appropriate, relevant, and compelling content to explore ideas within the context of the discipline and shape the whole work.	Uses appropriate and relevant content to develop and explore ideas through most of the work.	Uses appropriate and relevant content to develop simple ideas in some parts of the work.
Organization and Formatting	Demonstrates detailed attention to and successful execution of discipline specific rules for formatting and organization of written material	Demonstrates consistent use of discipline specific rules for formatting and organization of written material	Demonstrates understanding of discipline specific rules for formatting and organization of written material but execution is inconsistent	Demonstrates flawed execution of discipline specific rules for formatting and organization of written material
Sources and Evidence	Demonstrates skillful use of high-quality, credible, relevant sources to develop ideas that are appropriate for the discipline and genre of the writing	Demonstrates consistent use of credible, relevant sources to support ideas that are situated within the discipline and genre of the writing.	Demonstrates an attempt to use credible and/or relevant sources to support ideas that are appropriate for the discipline and genre of the writing.	Demonstrates an attempt to use sources to support ideas in the writing.
Control of Syntax and Mechanics	Uses graceful language that skillfully communicates meaning to readers with clarity and fluency, and is virtually error-free.	Uses straightforward language that generally conveys meaning to readers. The language in the artifact has few errors.	Uses language that generally conveys meaning to readers with clarity, although writing may include some errors.	Uses language that sometimes impedes meaning because of errors in usage.

Tabor Learning Goal #2b Verbal Communication Rubric

Demonstrating verbal communication appropriate for business professionals

	Mastery 4	Proficient 3	Developing 2	Beginning 1
Organization	Organizational pattern (specific introduction and conclusion, sequenced material within the body, and transitions) is clearly and consistently observable and is skillful and makes the content of the presentation cohesive.	Organizational pattern (specific introduction and conclusion, sequenced material within the body, and transitions) is clearly and consistently observable within the presentation.	Organizational pattern (specific introduction and conclusion, sequenced material within the body, and transitions) is intermittently observable within the presentation.	Organizational pattern (specific introduction and conclusion, sequenced material within the body, and transitions) is not observable within the presentation.
Language	Language choices are imaginative, memorable, and compelling, and enhance the effectiveness of the presentation. Language is appropriate to audience.	Language choices are thoughtful and generally support the effectiveness of the presentation. Language is appropriate to audience.	Language choices are mundane and commonplace and partially support the effectiveness of the presentation. Language is appropriate to audience.	Language choices are unclear and minimally support the effectiveness of the presentation. Language is not appropriate to audience.
Delivery	Delivery techniques (posture, gesture, eye contact, and vocal expressiveness) make the presentation compelling, and speaker appears polished and confident.	Delivery techniques (posture, gesture, eye contact, and vocal expressiveness) make the presentation interesting, and speaker appears comfortable.	Delivery techniques (posture, gesture, eye contact, and vocal expressiveness) make the presentation understandable, and speaker appears tentative.	Delivery techniques (posture, gesture, eye contact, and vocal expressiveness) detract from the understandability of the presentation, and speaker appears uncomfortable.
Supporting Material	A variety of types of supporting materials (explanations, examples, illustrations, statistics, analogies, quotations from relevant authorities) make appropriate reference to information or analysis that significantly supports the presentation or establishes the presenter's credibility/authority on the topic.	Supporting materials make appropriate reference to information or analysis that generally supports the presentation or establishes the presenter's credibility/authority on the topic.	Supporting materials) make appropriate reference to information or analysis that partially supports the presentation or establishes the presenter's credibility/authority on the topic.	Insufficient supporting materials make reference to information or analysis that minimally supports the presentation or establishes the presenter's credibility/authority on the topic.
Central Message	Central message is compelling (precisely stated, appropriately repeated, memorable, and strongly supported.)	Central message is clear and consistent with the supporting material.	Central message is basically understandable but is not often repeated and is not memorable.	Central message can be deduced, but is not explicitly stated in the presentation.

Tabor Learning Goal #3 International Perspective Learning Rubric Gaining a International Business Perspective through Experiencing Diverse Cultures

	Mastery 4	Proficient 3	Developing 2	Beginning 1
Context <i>Cross Cultural</i> <i>Understanding</i> <i>and</i> <i>Communication</i>	Student reflection on experience provides evidence of immersion in international culture, including acquiring rudimentary conversational language skills and applying understanding of cultural differences	Student reflection on experience provides evidence of interaction with international culture, either acquiring rudimentary conversational language skills or applying cultural differences	Student reflection on experience has a heavy focus on observation instead of interaction, but student does report limited understanding of cultural differences.	Student reflection on experience is more consistent with "tourism abroad"—little or no evidence of engaging individual in international culture.
Attitudes Curiosity & Openness	Asks complex questions about business in other cultures, while suspending value judgments.	Asks deeper questions about business in other cultures. Begins to suspend value judgments while being aware of personal bias and is willing to change.	Asks simple or surface questions about other cultures, but still has difficulty suspending value judgments.	States minimal interest in learning more about other cultures and their way of doing business, and has difficulty suspending value judgments.
Application <i>Applying</i> <i>Knowledge to</i> <i>Global Business</i> <i>Decisions</i>	Makes decision using advanced global approach—tailors decision to particular cultural and institutional contexts.	Makes decision using some global knowledge—tailors decision to either cultural or institutional context.	Makes decision using a universalistic approach—little or no regard for international context or differences	Reports action without demonstrating how decision was reached

Tabor Learning Goal #4 Teamwork Rubric

Students will be career-read	y developing the ability to build and work effectively in diver	se teams.

	Mastery 4	Proficient 3	Developing 2	Beginning 1
Contributes to Team Meetings	Demonstrates advanced comprehension of assigned readings and <u>consistently</u> supplements with outside research and/or examples.	Demonstrates advanced comprehension of assigned readings and <u>occasionally</u> supplements with outside research and/or examples.	Willingly takes part in discussions without being asked and demonstrates adequate preparation and comprehension of assigned work.	Provides input on occasion; occasionally shows insufficient preparation/comprehension of assigned work.
	Demonstrates expertise asking questions that generate new and creative thoughts/ideas.	Clearly and effectively expresses self in the presentation of ideas. Attempts to generate new	Responds to questions with adequate knowledge.	Not enough support given on arguments; has some difficulty expressing thoughts.
	Effectively assimilates input from others to lead team to an enlightened level of understanding not present prior to discussion.	thoughts/ideas by occasionally asking questions that take the team beyond readings.	the time; may occasionally hesitate when speaking.	Doesn't always seek clarity when needed.
Fosters positive and professional environment in and out of the team	Consistently makes others feel comfortable in their contributions by seeking understanding before judging. With excellent communication style, acknowledges team members' questions and ideas by actively listening without interrupting and by responding with diplomacy and tact. Ensures that other team members provide input and ideas during team discussions and meetings. Consistently uses appropriate business manners, language, and dresses appropriately when dealing	Consistently seeks understanding and clarity from others before judging. With a very good communication style, allows team members to express their thoughts and ideas with diplomacy and tact. Asks other team members for their input and ideas during team discussions and meetings. Uses appropriate business manners, language, and dresses appropriately when dealing with external constituents.	e time, seeks understanding and clarity from others before judging. With a good communication style, allows team members to express their thoughts and ideas with diplomacy and tact. Actively listens and responds to team members with follow up questions or responses. Uses appropriate business manners, language, and dresses appropriately when dealing with external constituents.	Sometimes is quick to judge before seeking understanding and clarity from others. Is not always courteous, conscientious, and/or discreet with team members, but is with the team. Doesn't always listen and respond to team members with follow up questions or responses. Business manners, language, and possibly dress need practice and polish.
Responds to Conflict	with external constituents. Addresses destructive conflict directly and constructively, helping to manage/resolve it while strengthening team cohesiveness. Successfully anticipates and resolves conflicts in ways that result in a win-win for all parties.	Identifies and acknowledges conflict and stays engaged with it. Consistently engages in functional conflict around ideas, not people	When faced with conflict, redirects focus toward common ground, toward task at hand. Seeks to resolve conflict directly with the source.	Passively accepts alternate viewpoints/ideas/opinions. Doesn't always seek to resolve conflict directly with the source, but rather, tends to avoid conflict and/or occasionally complains to outsiders.

Tabor Learning Goal #5Quantitative Reasoning RubricEffectively applying quantitative reasoning to solve business problems

	Mastery 4	Proficient 3	Developing 2	Beginning 1
Evidence Problem is understood	Demonstrates the ability to formulate and clearly document the central question of a problem, as well as to identify, assign and justify all relevant variables and data.	Demonstrates the ability to identify and document the central question of a problem, as well as to identify and assign all relevant variables and data	Begins to develop the ability to identify and formulate the central question of a problem through the identification of most of the relevant variables and data.	Demonstrates a limited ability to identify and formulate the central question of a problem through the identification of relevant variables and data.
Use of appropriate model(s) / technique(s)	Demonstrates the ability to use the appropriate equation, models and/or techniques. Presents the equation, model and/or technique in a detailed logical, clear and understandable format.	Demonstrates the ability to use the appropriate equation, models, and/or techniques Presents the equation, model and/or technique in an understandable format.	Begins to develop the ability to identify and use the appropriate equation, models and /or techniques. Presents the equation, model and/or technique in a mostly understandable format.	Demonstrates a limited ability to identify and use the appropriate equations, models, and/or techniques. Presents the equation, model and/or technique in a less than understandable format.
Calculation	All calculations are correct, and the appropriate technique was used to reach a correct solution at the appropriate significance level. Presents the solution in a detailed, clear, and logical format.	All calculations are correct, and the appropriate technique was used to reach the successful solution of a problem though not at the appropriate significance level. Presents the solution in an understandable format.	Most calculations are correct, but the successful solution of a problem was not reached. Presents the solution in a mostly understandable format.	Some calculations are attempted, but the successful solution of a problem was not reached. Presents the solution in a somewhat haphazard manner.
Interpretation	The student's explanation of the answer demonstrates a complete understanding of all the teaching points.	The student's explanation of the answer demonstrates a complete understanding of one or more, but not all, of the teaching points.	The student's explanation of the answer demonstrates a minimal understanding of one or more of the teaching points.	The explanation is attempted, but demonstrates some deficiencies in understanding of the answer.

The Accounting Major

The major in accounting, leading students to the Bachelor of Science degree, will prepare students for careers in public accounting, private industry, and government. In keeping with the work of the Accounting Education Change Commission, the program places appropriate emphasis on accounting theory and practice as well as the fundamental skills of problem solving, communicating, and critical thinking necessary for long-term success in the field of accounting.

Career objectives for the accounting major include public accounting (auditing, income taxes, consulting), corporate accounting (financial accounting, managerial accounting, internal audit, corporate/state taxes), and governmental (not-for-profit) accounting. Specific upper division accounting courses will be recommended by the advisor based on the student's career interests.

Accounting students are encouraged to pursue the designation of Certified Public Accountant (CPA), Certified Management Accountant (CMA), and/or the Certified Internal Auditor (CIA). Advisors will work with students to develop appropriate programs for students interested in these certifications.

Students wishing to pursue the CPA certification in the state of Illinois must complete 150 semester hours of college credit prior to sitting for the certification exam. To meet this requirement, students will have a range of options available to them. These options may include: completing a bachelor's degree and an MBA in five years; completing a second major; taking two minors during the course of study at Millikin; or, pursuing a graduate degree following graduation from Millikin.

Requirements for the Major

In addition to the core requirements, accounting majors must complete a minimum of 30 hours of accounting courses including AC 251, AC 252, AC 303, AC 331, AC 332, AC 411, AC 413, AC 422, AC 425, and PH 215.

Students who have taken Intermediate Accounting I and II (the equivalent of AC 251 and AC 252) at a community college may transfer these courses to satisfy the Tabor School's requirements.

Evening Accounting Program

The Tabor School of Business offers a PACE (Professional Adult Comprehensive Education) delivery of the undergraduate accounting curriculum is an accelerated program of study for adult learners leading to a Bachelor of Science Degree in Accounting. This Program offers adult learners the opportunity to complete a Bachelor of Science Degree in a ten-week, year-round program taught by Tabor School of Business faculty. The Evening Accounting Program students have the same Tabor Distribution Requirements, Tabor Core requirements and Major requirements given above. However, the Off-campus Learning requirement and MG211 (Career Lab) are waived for students in this program.

Learning Goals for the Accounting Major

- 1. Knowledge Acquisition: Accounting graduates will develop competency in the functional areas of accounting.
- 2. Research Skills: Accounting graduates will develop the ability to utilize financial and other authoritative databases.
- 3. Written Communication Skills: Accounting graduates will develop the ability to effectively present findings, in written format at a professional level.
- 4. Oral Communication Skills: Accounting graduates will develop the ability to effectively present findings, in an oral format at a professional level.
- 5. Ethics and Professional Responsibility: Accounting graduates will develop the ability to recognize and respond to professional, ethical and regulatory issues in accounting.

Courses where learning goals are assessed

Accounting Major Learning Goal #1 Knowledge Acquisition Rubric Accounting graduates shall develop competency in the functional areas of accounting.

	Mastery 4	Proficient 3	Developing 2	Beginning 1
Objective 1.1: Exhibit an understanding of the content, concepts, structure, and meaning of external financial reporting for organizational operations, including the perceived informational need of financial decision makers	Demonstrates a thorough understanding of context, audience, and purpose that is responsive to the intended audience.	Demonstrates adequate consideration of context, audience, and purpose that is responsive to the intended audience.	Demonstrates awareness of context, audience, and purpose that is responsive to the intended audience.	Demonstrates minimal attention to context, audience, and purpose that is responsive to the intended audience.
Objective 1.2: Demonstrate an appropriate mastery of the knowledge, skills, and tools of auditing and information systems.	Demonstrates a thorough understanding of context, audience, and purpose that is responsive to the intended audience.	Demonstrates adequate consideration of context, audience, and purpose that is responsive to the intended audience.	Demonstrates awareness of context, audience, and purpose that is responsive to the intended audience.	Demonstrates minimal attention to context, audience, and purpose that is responsive to the intended audience.
Objective 1.3: Demonstrate an appropriate mastery of the knowledge, skills, and tools of federal income taxation.	Demonstrates a thorough understanding of context, audience, and purpose that is responsive to the intended audience.	Demonstrates adequate consideration of context, audience, and purpose that is responsive to the intended audience.	Demonstrates awareness of context, audience, and purpose that is responsive to the intended audience.	Demonstrates minimal attention to context, audience, and purpose that is responsive to the intended audience.

Accounting Major Learning Goal #2 Knowledge Acquisition Rubric

	Mastery 4	Proficient 3	Developing 2	Beginning 1
Objective 2.1: Demonstrate competency in utilizing the FASB Accounting Codification System to search for authoritative answers to specific financial accounting issues	Demonstrates an advanced level of research skills through the number of sources cited and the proper citation methods of financial accounting.	Demonstrates an adequate level of research skills through the number of sources cited and the proper citation methods of financial accounting.	Demonstrates an awareness of research skills through the number of sources cited and the proper citation methods of financial accounting	Demonstrates a minimal level of research skills through the number of sources cited and the proper citation methods of financial accounting.
Objective 2.2: Demonstrate the competency in utilizing tax resource databases to search for tax authority to answer specific federal income taxation questions.	Demonstrates an advanced level of research skills through the number of sources cited and the proper citation methods of income taxation.	Demonstrates an adequate level of research skills through the number of sources cited and the proper citation methods of income taxation.	Demonstrates an awareness of research skills through the number of sources cited and the proper citation methods of income taxation	Demonstrates a minimal level of research skills through the number of sources cited and the proper citation methods of income taxation.

Accounting graduates shall develop the ability to utilize financial and other authoritative databases.

Accounting Major Learning Goal #3 Written Communication Rubric

Accounting graduates shall develop the ability to effectively present findings, in both written and oral formats, at a professional level

	Mastery	Proficient	Developing	Beginning
	4	3	2	1
Context of and Purpose for Writing Includes considerations of audience, purpose, and the circumstances surrounding the writing task(s). Content	 Demonstrates a thorough understanding of context, audience, and purpose that is responsive to the assigned task(s) and focuses all elements of the work. Uses appropriate, relevant, and compelling content to illustrate mastery of the subject, conveying the writer's understanding, and 	Demonstrates adequate consideration of context, audience, and purpose and a clear focus on the assigned task(s) (e.g., the task aligns with audience, purpose, and context). Uses appropriate, relevant, and compelling content to explore ideas within the context of the discipline and shape the whole work.	Demonstrates awareness of context, audience, purpose, and to the assigned tasks(s) (e.g., begins to show awareness of audience's perceptions and assumptions). Uses appropriate and relevant content to develop and explore ideas through most of the work.	Demonstrates minimal attention to context, audience, purpose, and to the assigned tasks(s) (e.g., expectation of instructor or self as audience). Uses appropriate and relevant content to develop simple ideas in some parts of the work.
Organization and Formatting	shaping the whole work. Demonstrates detailed attention to and successful execution of discipline specific rules for formatting and organization of written material	Demonstrates consistent use of discipline specific rules for formatting and organization of written material	Demonstrates understanding of discipline specific rules for formatting and organization of written material but execution is inconsistent	Demonstrates flawed execution of discipline specific rules for formatting and organization of written material
Sources and Evidence	Demonstrates skillful use of high-quality, credible, relevant sources to develop ideas that are appropriate for the discipline and genre of the writing	Demonstrates consistent use of credible, relevant sources to support ideas that are situated within the discipline and genre of the writing.	Demonstrates an attempt to use credible and/or relevant sources to support ideas that are appropriate for the discipline and genre of the writing.	Demonstrates an attempt to use sources to support ideas in the writing.
Control of Syntax and Mechanics	Uses graceful language that skillfully communicates meaning to readers with clarity and fluency, and is virtually error-free.	Uses straightforward language that generally conveys meaning to readers. The language in the artifact has few errors.	Uses language that generally conveys meaning to readers with clarity, although writing may include some errors.	Uses language that sometimes impedes meaning because of errors in usage.

Accounting Major Learning Goal #4 Verbal Communication Rubric

Accounting graduates shall develop the ability to effectively present findings, in both written and oral formats, at a professional level.

	Mastery 4	Proficient 3	Developing 2	Beginning 1
Organization	Organizational pattern (specific introduction and conclusion, sequenced material within the body, and transitions) is clearly and consistently observable and is skillful and makes the content of the presentation cohesive.	Organizational pattern (specific introduction and conclusion, sequenced material within the body, and transitions) is clearly and consistently observable within the presentation.	Organizational pattern (specific introduction and conclusion, sequenced material within the body, and transitions) is intermittently observable within the presentation.	Organizational pattern (specific introduction and conclusion, sequenced material within the body, and transitions) is not observable within the presentation.
Language	Language choices are imaginative, memorable, and compelling, and enhance the effectiveness of the presentation. Language in presentation is appropriate to audience.	Language choices are thoughtful and generally support the effectiveness of the presentation. Language in presentation is appropriate to audience.	Language choices are mundane and commonplace and partially support the effectiveness of the presentation. Language in presentation is appropriate to audience.	Language choices are unclear and minimally support the effectiveness of the presentation. Language in presentation is not appropriate to audience.
Delivery	Delivery techniques (posture, gesture, eye contact, and vocal expressiveness) make the presentation compelling, and speaker appears polished and confident.	Delivery techniques (posture, gesture, eye contact, and vocal expressiveness) make the presentation interesting, and speaker appears comfortable.	Delivery techniques (posture, gesture, eye contact, and vocal expressiveness) make the presentation understandable, and speaker appears tentative.	Delivery techniques (posture, gesture, eye contact, and vocal expressiveness) detract from the understandability of the presentation, and speaker appears uncomfortable.
Supporting Material	A variety of types of supporting materials (explanations, examples, illustrations, statistics, analogies, quotations from relevant authorities) make appropriate reference to information or analysis that significantly supports the presentation or establishes the presenter's credibility/authority on the topic.	Supporting materials (explanations, examples, illustrations, statistics, analogies, quotations from relevant authorities) make appropriate reference to information or analysis that generally supports the presentation or establishes the presenter's credibility/authority on the topic.	Supporting materials (explanations, examples, illustrations, statistics, analogies, quotations from relevant authorities) make appropriate reference to information or analysis that partially supports the presentation or establishes the presenter's credibility/authority on the topic.	Insufficient supporting materials (explanations, examples, illustrations, statistics, analogies, quotations from relevant authorities) make reference to information or analysis that minimally supports the presentation or establishes the presenter's credibility/authority on the topic.
Central Message	Central message is compelling (precisely stated, appropriately repeated, memorable, and strongly supported.)	Central message is clear and consistent with the supporting material.	Central message is basically understandable but is not often repeated and is not memorable.	Central message can be deduced, but is not explicitly stated in the presentation.

The Business Management Major

The success of any organization is based on its ability to recognize the ever-changing environment and the needs of its customers then have the ability to quickly respond to those changes. The focus of this major is to provide the skills to identify, develop, use and modify the various organizational processes that describe how products and services are created or delivered. This major provides a student with the tools to manage the conversion of materials and to use talent within an organization and its supply chain to create and deliver a quality product or service. Students will understand the framework of improving their supply chain thru the concepts of six sigma and recognized quality management systems. Students will learn how to define, plan and organize a project that increases the probability of success by reducing the risk. In addition, the student will learn the managerial skills necessary to acquire, organize, develop and lead a workforce to achieve the anticipated outcomes. The entrepreneurial mindset is explored through techniques that show innovation can be achieved in a systematic way.

Requirements for the Management Major

In addition to the business core courses, students will be required to complete 21 semester hours of the courses defined below.

Required courses (18 credits): MG340. Human Resource Management (3) MG372. Process Improvement (3) MG377. Logistics and Supply Chain (3) MG375. Project Management (3) MG481. Senior Seminar in Management (3) or ET410: Entrepreneurial Consulting: An International Experience (3) MG471. In Field Internship (3) Elective Course (3 credits) Any 3-credit 300/400 level Tabor course beyond the business core

Learning Goals for the Management Major

- 1. Learn how to develop and document business processes.
- 2. Learn how to use Six Sigma techniques to improve processes.
- 3. Learn supply chain and logistics management.
- 4. Learn managerial skills of how to train and communicate process changes.
- 5. Learn how to plan using the Project management framework.
- 6. Learn managerial skills of how to acquire, motivate and retain talent.

The Digital Media Marketing Major

Students who complete a degree in Digital Media Marketing will be self-directed team players who show initiative and accept responsibility of their work in digital media marketing. The work could include writing and posting blogs, creating press releases, proofing and editing, tracking metrics and maintaining business digital media platforms like LinkedIn, Facebook, Twitter, YouTube, Pinterest and Instagram.

Requirements for the Marketing Major:

The Marketing Major consists of 21 credits: a Marketing core (15 credits) and a student-selected elective courses (6 credits):

Marketing Core (Required courses):

MK308. Consumer Behavior & Analytics (3) MK365. Brand Loyalty through Digital Media (3-4) MK442. Digital Media Marketing Strategy & Analysis (3) MK471. In Field Internship (3) ET390. Student-run Venture Experience (3)*

*ET390 is cross listed with AR390 Blue Connection, MC390 First Step Records, and TH390 Pipe Dreams Studio Theatre.

Elective Courses (choose 3-6 credits)

Any 3-credit 300/400 level Tabor course beyond the business core. Suggested electives include: MK307 IMC Campaigns (3) MK310 Personal Selling (3) MK330 Event Planning (3)

Elective Courses (choose 0-3 credits from the following interdisciplinary electives)

AR201. Computer Art & Design Orientation (3) CO107. Argument & Social Issues (3) CO251. Introduction to Public Relations (3) CO351. Special Topics in Writing (3) CO360. Seminar in Communication (3) ** CO456. Applications in Public Relations (3) EN270. Computer Aided Publishing (3) EN305. Web Publishing (3) EN400. Sports Marketing (3)

** with permission of Digital Media Marketing coordinator

Learning Goals for Digital Media Marketing Majors

- 1. Students will be able to design, implement and analyze a digital media marketing campaign.
- 2. Students will be able to measure the impact of digital media marketing efforts.
- 3. Students will understand the strategic implication of digital media marketing efforts and recommend alterations to fit designated objectives.
- 4. Students will build a portfolio of practical experience in the field.
- 5. Students will understand how marketing and the marketing mix variable interrelate to the other functional areas.*

*Due to an editorial error in copywriting for the learning goals, Learning Goal #5 was taken from a course level goal (MK 200) and placed in the major level goal. This is being corrected for future University Bulletins and assessment reports. As a result there will be no reporting on Learning Goal #5 as currently stated.

Courses Where Learning Goals Are Assessed

Learning Goals	Required Courses				
	MK200	MK365	MK308	MK442	MK471
Learning Goal 1Campaign design & implementation		1			
Learning Goal 2Campaign measurement				1	
Learning Goal 3Campaign analysis & alteration				1	
Learning Goal 4Portfolio of experience					√

Digital Media Marketing Major Learning Goal#1 Effectively Design & Implement DMM Campaign Rubric

Students will design and implement a campaign to effectively meet client needs.

Attributes	Mastered 4	Proficient 3	Developing 2	Beginning 1
Effective Campaign Design	△ Multiple creative projects designed where all seem grouped by theme, and the theme addresses the client needs	△ Multiple creative projects designed where all seem grouped by a single theme, but the client needs are still unaddressed	△ Multiple creative projects designed where at least two seem grouped by a single theme, but the client needs are still unaddressed	△ Multiple creative projects (blog posts, tweets, infographic, etc). are designed without overarching campaign theme or connection to client needs
Effective Implementation	△ Production of creative projects is completed in a manner with campaign specific placement that addresses the client needs	△ Production of creative projects is completed without error but either campaign specific placement is missing or connection to client needs is missing	△ Production of creative projects is completed without error but placement seems to without overarching campaign theme or connection to client needs	△ Production of creative projects (blog posts, tweets, infographic, etc) is started but production is faulty (error messages, poorly edited)

Digital Media Marketing Major Learning Goal#2 DMM Campaign Impact Measurement Rubric

DMM campaigns are designed to meet specific, quantifiable, time-bound objectives for a client. Students should be able to report accurate measures of the impact, or ability to meet objectives, of a campaign.

Attributes	Mastered 4	Proficient 3	Developing 2	Beginning 1
Accurate measure of specific objectives	△ Report states specific objectives and reports measures related to objectives.	△ Report states specific objectives but reports measures unrelated to objectives.	△ Report states specific objectives but fails to include measurement.	\triangle Report states objectives that are vague or abstract.
Accurate measure of quantifiable objectives	△ Report states quantifiable objectives and reports measures related to objectives.	△ Report states quantifiable objectives but reports measures unrelated to objectives.	△ Report states quantifiable objectives but fails to include measurement.	\triangle Report states objectives that can't be quantified.
Accurate measure of time-bound objectives	△ Report states timebound objectives and complete tasks in that time frame.	△ Report states timebound objectives but fails to complete tasks in that time frame.	△ Report states timebound objectives but fails to indicate if tasks were completed in that time frame.	△ Report states objectives that without reference to timeframe in which they'll be completed.

Digital Media Marketing Major Learning Goal#3 Appropriately analyze impact & recommend strategic alterations Rubric

Beyond simple measurement, students need to analyze what the data actually means and recommend changes to a campaign to help meet the client's needs.

Attributes	Mastered 4	Proficient 3	Developing 2	Beginning 1
Appropriately analyze campaign impact	△ Student can report data measurement and interpretation of data meaningfulleading to corrective action.	△ Student can report data measurement but interpretation of data is superficial.	△ Student can report data measurement but interpretation of data is error-ridden or inappropriate.	△ Student can only report data measurement without any interpretation of data.
Appropriate recommend strategic alterations	△ Student recommends possible changes for improving a campaign that are directly related to client's needs.	△ Student recommends possible changes for improving a campaign that are only partially related to client's needs.	△ Student recommends possible changes for improving a campaign that are disconnected from client's needs.	△ Student fails to identify any possible changes for improving a campaign.

Digital Media Marketing Major Learning Goal#4 Building a Portfolio of Practical Experience Rubric

Based on the performance learning nature of the Digital Media Marketing major, students should have no fewer than five examples of practical experience as part of their resumes.

Attributes	Mastered	Proficient	Developing	Beginning
	4	3	2	1
Building a portfolio of practical experience	△ Performance in internship & client projects allows student to discuss 4-5 examples of practical experience	△ Uneven performance in internship & client projects leaves student unable to discuss more than 2-3 examples of practical experience	△ Limited performance in internship & client projects leaves student unable to discuss more than one practical experience	△ Poor performance in internship & client projects leaves student unable to discuss the impact of student work

The Entrepreneurship Major

Entrepreneurship is a complex process because it challenges so many of the pre-existing structures and processes of each organization. It is the objective of this major to provide the student with a stronger perspective on the entrepreneurial mindset that is currently pervasive in many organizations and to underscore the importance of new business creation as an economic engine in our society.

Requirements for the Entrepreneurship Major

In addition to the business core courses, students will be required to complete 21 semester hours of upper level business and entrepreneurship courses:

Required courses (21 credits)

ET340, Foundations of Entrepreneurship (3) ET350, Entrepreneurial Finance (3) ET380, The Art of Entrepreneurship (3) ET390, Blue Connection (3) MK320, Marketing Research (3) ET440, Entrepreneurial Management and Strategy (3)

One of the following electives (3 credits)

ET400, Small Business Consulting (3) **OR** ET410, Entrepreneurial Consulting: An international experience (3) **OR** ET470/ 471, Internship (3) (must be entrepreneurially focused)

Minor in Entrepreneurship

The Minor in Entrepreneurship requires a minimum of 23 credits. The Minor in Entrepreneurship is offered to provide the non-business student with the fundamental principles it takes to launch and own a business. The Minor in Entrepreneurship is available to students majoring in the College of Arts and Sciences, the College of Professional Studies and the College of Fine Arts. It is not available to those majoring in the Tabor School of Business. To complete the Minor in Entrepreneurship, a student must maintain a grade point average of at least 2.50 in the required Tabor School courses. Failure to do so, on the decision of the Tabor School Admission Committee will result in the student being denied admission to any upper division courses necessary to complete the minor. Students wishing to elect the Minor in Entrepreneurship must complete a formal minor declaration in the Tabor School.

Students in the Entrepreneurship Minor will be required to complete at least 23 semester hours of business and entrepreneurship courses:

Required courses (23 credits)

EC120, Principles of Economics (3) AC210, Principles of Accounting (3) MG300 Principles of Management (3)

Revised 7/25/2017

ET340, Foundations of Entrepreneurship (3) ET380, The Art of Entrepreneurship (3) ET390 Blue Connection (3) MK3**, 300 level Marketing Course FI300, Personal Financial Planning (1) ET260, Create and Lead (1)

Learning Goals for the Entrepreneurship Major:

- 1. Students will learn to utilize frameworks of innovation to recognize and identify the needs, problems, and demands of a market.
- 2. Students will learn to analyze environmental, political, economic, legal, and ethical risks and rewards of ownership.
- 3. Students will learn to identify the financial, human, and physical resources they need, where to obtain them, and how to best utilize them.
- 4. Students will learn to create, lead, and own business ventures.

	ET340	ET380	ET390
1: Recognize Opportunity	•		
2: Risk & Rewards		•	
3: Resources			•

Courses where learning goals are assessed:

Entrepreneurship Major Learning Goal #1 Opportunity Recognition Rubric Students will learn to utilize frameworks of entrepreneurship to recognize and identify the needs, problems, and demands of a market.

	Mastery 4	Proficient 3	Developing 2	Beginning 1
Understanding of Market needs, problems, and demands	Dynamic	Competent	Partial	Limited
Creation of Market Strategies	Effective	Adequate	Partial	Poor
Application of Frameworks of Entrepreneurshi P	Integration of multiple frameworks as demonstrated through market validation	Effective use of frameworks but lacking integration	Knowledge of frameworks but not applied effectively	Incorrect or incomplete

Entrepreneurship Major Learning Goal #2 Risk and Rewards Rubric

Students will analyze environmental, political, economic, legal, and ethical risks and rewards of ownership.

	Mastery 4	Proficient 3	Developing 2	Beginning 1
Analysis and Research of Feasibility	Make a go/no go decision	Form a hypothesis for strategy	Identified primary and secondary sources	Defined problem/need
Risk	Anticipate	Mitigate	Aware/Identify	Unaware and limited understanding of what potential risks exist
Reward	Successful implementation of a business model to capture value and reward	Defined plan to capture value	Defined reward	Unrealistic/lack of reward identified

Entrepreneurship Major Learning Goal #3 Resource Analysis Rubric Students will learn to identify the financial, human, and physical resources they need, where to obtain them, and how to best utilize them.

	Mastery 4	Proficient 3	Developing 2	Beginning 1
Financial	Able to make business decisions based on financial information	Obtain and utilize	Plan for financial needs	Identify sources of financial resources
Human	Human Resources Management (hiring, training, retaining, succession planning, etc.)	Leverage human resources	Plan for utilizing human resources	Identify personal skills/talents/etc. and gaps
Physical	Business needs sufficiently met for sustainability and growth	Obtain and begin to utilize assets	Plan for acquiring and utilizing assets	Identify existing and needed assets

Entrepreneurship Major Learning Goal #4 Ownership Rubric

Students will be able to create, lead, and own a business venture.

	Mastery 4	Proficient 3	Developing 2	Beginning 1
Create (idea)	Vision and sustainability	Launch	Create a business model around a vetted idea	Able to vet new ideas
Lead (accountability)	Accountable for all aspects of business operations	Self-Actualization; Perseverance through obstacles	Perseverance through obstacles with some success	Necessity of leadership not appreciated; Lack of perseverance.
Own (responsibility)	Accepting all implications	Accepting some implications of ownership	Reluctance to accepting responsibility	Resistant to accepting responsibility

The Information Systems Major

Students who complete a degree in Information Systems (IS) will have the necessary technical, analytical, and communication skills to be key players in building technology solutions for leading organizations. Students choose to emphasize skills in Data Management (collecting, organizing, storing, analyzing, and transforming vast amounts of data into meaningful information), Application Development (designing, building, testing, and implementing business applications for a social and mobile workforce), and/or Security & Compliance (securing networks and data from cyberterrorists and ensuring audit compliance).

Performance Learning

Performance Learning initiatives for 3rd parties in the community could include building a relational database for tracking donor activity, building dynamic web-based organizational chart for a human resources department, or building a comprehensive network security analysis for a small business.

Career Opportunities

Information Systems graduates obtain jobs such as database analyst, systems analyst, application developer, programmer analyst, web developer, security analyst, or technical analyst. These positions can be found in a variety of organizations from Fortune 500 companies to those with fewer than 10 employees.

Learning Goals for the Information Systems Major:

- Apply basic programming skills to solve simple business problems.
- Use the System Life Cycle to develop a system design through the of use case modeling and system modeling.
- Understand the basic concepts of an information technology infrastructure to deliver services through hardware, software, and networks.
- Students will organize and write user documentation, system documentation and IS reports in a language and style appropriate to the profession.

Requirements for the Major

In addition to the business core courses, students will be required to complete 21 credits of upper level information systems courses.

Required Courses (12 credit hours):

IS221. Introduction to Program Design and Development (3)IS311. IT Infrastructure (3)IS321. Systems Analysis and Design (3)IS471/472. In Field Internship

Select a Concentration Below (6 credit hours) Required Courses:

Application Development Concentration

IS322. Web / Mobile Application Development (3) IS351. Application Integration

Data Management Concentration

IS370. Database Application Development (3) IS470. Business Intelligence and Big Data (3)

Security and Compliance Concentration

IS332. IT Audit and Controls (3) IS362. IT Security and Risk Management (3)

Elective Courses (3 credit hours)

IS390. Technology Ventures

Any 3 credit 300/400 level Information Systems course outside of your concentration

Any 3 credit 300/400 level Tabor course offering beyond the business core

Information Systems Learning Goal #1 ~ Programming Rubric

	Mastered	Proficient	Developing	Beginning
	4	3	2	1
Program, Function, or Script Execution	Code executes correctly and efficiently with no syntax or runtime errors.	Code executes correctly but inefficiently with no syntax or runtime errors.	Code executes with a minor (easily fixed) error.	Code does not execute or has major errors.
Correct Output	Code produces correct output with no errors.	Code produces output which is mostly correct by may be incomplete or has minor (aesthetic) errors.	Code produces output with multiple errors or some missing information.	Output is significantly incorrect or mostly missing.
Design of Output	Code produces output correctly and efficiently.	Code produces minimally expected output or inefficient output.	Code experiences significant delay in producing output or produces output that is somewhat difficult to interpret.	Output is poorly designed.
Design of Logic	Code exhibits efficient and appropriate use of logic structures and processing to optimize performance and output.	Code exhibits inefficient logic structures or processing which do not deter from the output but do impede performance or maintainability.	Code has significant logic errors or fails to handle various conditions.	Program is incorrect or produces incorrect results in most cases.
Standards	Code is stylistically well designed.	Few inappropriate design choices (e.g. poor variable names, improper indentation).	Several inappropriate design choices (e.g. poor variable names, improper indentation, inconsistency)	Code is written poorly and is difficult for another person to understand.
Documentation	Code is well documented (both in content and consistent style) in all areas.	Code has some missing, incomplete, or inconsistent documentation.	Code is missing most documentation or documentation has errors or documentation is fully inconsistent.	Most or all documentation is missing or incorrect

Students will demonstrate competency in programming through the development of scripts, functions, or applications. Evaluators are encouraged to assign a zero to any work sample or collection of work that does not meet benchmark (cell one) level performance.

Information Systems Major Learning Goal #2 ~ Database Development Rubric

Students will define, store, organize, retrieve, and analyze data using appropriate data models, structures, and database languages.

Evaluators are encouraged to assign a zero to any work sample or collection of work that does not meet benchmark (cell one) level performance.

Criteria	Mastered (4)	Proficient (3)	Developing (2)	Beginning (1)	Scor e
Problem Analysis: demonstrate knowledge and skill in transforming the problem into a conceptual database design	Present rationale for decisions made during the problem analysis. Discussion indicates a thorough grasp of the overall problem.	Narrative development and documentation of the problem and includes some detail.	Narrative development and documentation of the basic problem.	Basic understanding of the problem with little narrative development.	
Entity Relationship Diagram (ERD): demonstrate knowledge and skill in development of the ERD for a selected segment of the problem	Models selected entities and relationships in an ERD with proper relationship strength, connectivities, and cardinalities, and all keys appropriately documented.	Correctly models the selected design using the ERD.	Demonstrates ability to present design concepts in an ERD, but is missing key details.	Demonstrates ability to present design concepts in simple ERD with errors.	
Data Modeling: demonstrates knowledge of normalizing tables	Design reflects tables in 3NF or appropriate warehouse model. Data types for fields show a thorough understanding of the problem and the type of data to be stored. Naming convention is selected and adhered to throughout the design.	Design reflects tables in 3NF or appropriate warehouse model and demonstrates knowledge of basic data types.	Demonstrates basic skill in table design and normalization or warehousing. Errors in implementation of ERD are present.	Demonstrates basic skill in table design and normalization or warehousing with errors and inconsistent table design principles.	
Structured Query Language (SQL), Data Definition Language (DDL): Write DDL statements to define table structure	SQL DDL is ready for database implementation, complete with key, index, and constraint definition.	SQL DDL is appropriate for selected tables and syntactically correct.	SQL DDL is appropriate but contains some syntax errors and may not fully represent the data model.	SQL DDL is inappropriate and contains many syntax errors.	

Structured Query Language (SQL), Data Manipulation Language (DML): Write queries to support data insert, update, delete, and select	SQL DML is ready for database implementation. Joins are correctly completed and queries show proper design for optimum execution. Indexes are selected to optimize queries.	SQL DML is appropriate for desired operations and is syntactically correct, but may be inefficient.	SQL DML is appropriate for desired operations but contains some syntax errors.	SQL DML is inappropriate for desired operations and contains many syntax errors.

Information Systems Learning Goal #3 ~ Design Rubric Students will critically analyze business problems to determine appropriate development methodologies and solutions.

	Mastered	Proficient	Developing	Beginning
	4	3	2	1
Ability to define user red	quirements of an information	on system business opportu	inity or problem and to design	an appropriate solution
Application of analysis and	Problem or opportunity	Well-defined opportunity /	Partial problem / opportunity	Incorrect and/or
design principles	fully analyzed with	problem description with	definition with some details	significantly incomplete
	comprehensive design	nuanced analysis and	either incorrect, incomplete or	analysis with incorrect or
	ready for development	design having some minor	missing	missing design
	and/or implementation	missing details		
			isis and appropriate tool usage	
Requirements identification	Sources well-documented	Majority of sources	Less than majority of sources	No sources or incorrect
including assumptions	(complete) and	identified with only some	identified while missing	identification or validation
	well-validated (accurate)	missing or insufficient	additional sources including	
		validation	missing or insufficient validation	
Evidence of application of	Critical appraisal with no	Attempted with minor	Recommendation or	No feasibility analysis or
feasibility analysis	errors and solid	errors in analysis or	conclusions without sufficient	recommendations
	recommendation of	insufficient feasibility	feasibility analysis or analysis	
	feasibility	recommendation	without recommendation	
Appropriate tool utilizations	Chooses correct software	Chooses correct software	Chooses correct software tools	No attempt or uses
	tools for tasks and utilizes	tools but utilizes	but utilizes incorrectly or	incorrect software tools for
	same to produce	insufficiently or misses	without sufficient detail or	tasks
	meaningful and	opportunity to utilize	completeness	
	appropriate output	software tools		
		appropriately.		
		lings documentation and co		
Creation of findings	Documentation is fully	Documentation is mostly	Documentation is well	Documentation is
documentation appropriate	complete, accurate and	complete, highly accurate	attempted though missing	insufficient or missing, has
to target audience	appropriate to target	with only minimal	portions, has more than minor	major errors, or is not
	audience(s)	divergence in audience	inaccuracies, or is not	created to the appropriate
		appropriateness	appropriately framed for the	level
			target audience	

Information Systems Learning Goal #4 ~ Security Rubric

	Mastered (4)	Proficient (3)	Developing (2)	Beginning (1)	Scor e
Planning	Researches audit procedures from external sources. Redundant tests carefully eliminate 'false positives' and 'false negatives'.	Performs tests as demonstrated in class to meet objectives and scope of audit. Double checking for 'false positives' and 'false negatives' do not always occur when required.	Audit tests somewhat meet scope and/or objective.	Audit tests do not meet audit objectives and/or scope.	
Verification Comparison	Fully compares and contrasts the organization's policies with industry best practices. Uses references for best practice literature. Briefly describes vulnerabilities where best practice is not implemented.	Partially compares organization's policies with best practice OR does not describe vulnerabilities when best practice differs from current policies/procedures.	Describes vulnerabilities, but does not recognize best practice policies/procedures.	Does not describe best practice policies	
Description & Analysis	Full disclosure of tests, results, and countermeasures are provided and fully analyzed.	Tests and results are described but not fully analyzed. Some countermeasures may be lacking.	Tests and results are not fully described or analyzed.	Missing information as to tests performed and results.	
Writing	Professionally written according to specification.	Some minimal grammar, spelling, or formatting mistakes are evident, but content is accurate.	Some minimal grammar, spelling, or formatting mistakes are evident. Content is somewhat accurate.	Documentation is inadequate or improperly formatted or contains major grammar/spelling mistakes.	
		Score			

Students will apply information security best practices through the development of policies, processes, and technical controls. Evaluators are encouraged to assign a zero to any work sample or collection of work that does not meet benchmark (cell one) level performance.

	Mastered (4)	Proficient (3)	Developing (2)	Beginning (1)	Score
Design	Design is complex, includes flow chart, and timeline. Goals and written description of project are present. Schematics exist and are readable. Design has been updated to represent final project, and all versions are included.	Design is mostly complete, at least 3 requirements are present some updates, but not current.	Basic design, at least two requirements are present. Not updated.	Little or no design present one requirement present.	
Network	Network hardware is correctly implemented and all components are consistent with design.	Project is built, all hardware components are implemented, but numerous problems are present. Does not match design.	All network hardware has been implemented, however not working.	Only one or two hardware components have been implemented, network does not communicate.	
Software	All software is installed and working correctly, all networking tests are passed.	Most software is installed, and installed components are working correctly and run, most networking test are passed.	All software is installed however not correctly and not working.	Not all software is installed on all machines.	
Testing and Documentation	All tests were completed successfully and full documentation exists on any problems encountered, and solutions applied.	All test were completed, successfully limited documentation on problems and corrections.	Some testing was done, problems documented but corrections not implemented or documented.	Testing was not done.	
				Score	

Information Systems Learning Goal #5 ~ Infrastructure Rubric

Information Systems Learning Goal #6 ~ Documentation Rubric Students will organize and compose technical documentation using a variety of software tools appropriate to the context and audience.

Evaluators are encouraged to assign a zero to any work sample or collection of work that does not meet benchmark (cell one) level performance.

	Mastery	Proficient	Developing	Beginning
	4	3	2	1
Technical Correctness	Document contains no technical errors and is not missing important technical details.	Contains few technical errors and few technical details are missing, but not necessarily distracting.	Contains some distracting technical errors and some important technical details are missing.	Contains several distracting technical errors and many technical details are missing.
Software Tool	Appropriate software tool is selected, is used in a way that communicates effectively, and is integrated into the body of work.	Appropriate software tool is selected and used, but not to its fullest extent, and is integrated into the body of work.	A software tool is selected, but may be inappropriate. Integration into the body of work is inconsistent or non-existent.	Evidence of additional software tools is not present.

Context of and Purpose for Writing Includes considerations of audience, purpose, and the circumstances surrounding the writing task(s).	Demonstrates a thorough understanding of context, audience, and purpose that is responsive to the assigned task(s) and focuses all elements of the work.	Demonstrates adequate consideration of context, audience, and purpose and a clear focus on the assigned task(s) (e.g., the task aligns with audience, purpose, and context).	Demonstrates awareness of context, audience, purpose, and to the assigned tasks(s) (e.g., begins to show awareness of audience's perceptions and assumptions).	Demonstrates minimal attention to context, audience, purpose, and to the assigned tasks(s) (e.g., expectation of instructor or self as audience).
Content	Uses appropriate, relevant, and compelling content to illustrate mastery of the subject, conveying the writer's understanding, and shaping the whole work.	Uses appropriate, relevant, and compelling content to explore ideas within the context of the discipline and shape the whole work.	Uses appropriate and relevant content to develop and explore ideas through most of the work.	Uses appropriate and relevant content to develop simple ideas in some parts of the work.
Organization and Formatting	Demonstrates detailed attention to formatting and organization of written material appropriate to document purpose.	Demonstrates consistent formatting and organization of written material but may not be sufficiently appropriate for document purpose.	Attempts consistency in formatting and organization of written material but may be inconsistent or inappropriate for document purpose.	Demonstrates flawed formatting and/or organization of written material

Sources and Evidence	Demonstrates skillful use of high-quality, credible, relevant sources to develop material that is appropriate for the purpose of the documentation.	Demonstrates consistent use of credible, relevant sources to support material that is utilized in the documentation.	Demonstrates an attempt to use credible and/or relevant sources to support material that is appropriate for the purpose of the documentation.	Insufficiently attempted to use sources to support material for the documentation.
Clarity of Writing	Uses unambiguous language that is appropriate to the target audience and the purpose of the documentation.	Uses mostly unambiguous language that is appropriate to the target audience and the purpose of the documentation. The language in the artifact has few errors.	Uses some ambiguous language that is mostly appropriate to the target audience and the purpose of the documentation but may have more than a few errors.	Uses mostly ambiguous language that impedes meaning because of errors in usage.

International Business Major

Students who complete a degree in International Business will be culturally aware, business savvy, and willing to adapt to cross-cultural environments. They will understand how globalization affects businesses at all levels--locally, regionally, and internationally. Performance Learning initiatives for 3rd parties in the global community could include establishing an Internet café in the Dominican Republic, advising multinational corporations on entering the U.S. market, or advising a foreign government on micro-enterprises.

Job opportunities for students who demonstrate this expertise include import/export agent, translator, foreign sales representative, international marketing manager, and international management consultant. Broadly speaking, positions can be found in multinational corporations, banks, consulting firms, business development, entrepreneurship, information technology, international aid agencies, non-government organizations, and the public sector.

Requirements for the Major

In addition to the business core courses, students will be required to complete 23 credits of international business courses.

Required Courses (8 credit hours)

IB225. Study Abroad Experience (1, taken twice)IB471. International Business Internship (3)IB450. Study Abroad Practicum (3)

Modern Language Requirement (0-8 credit hours)

Proficiency equivalent to two college semesters of a single modern language—successful completion of a modern language course numbered 114 or above, or passing a proficiency exam administered by the Department of Modern Languages.

Electives (3 credit hours)

MG481. Consulting in the Dominican Republic (3) ET410. Entrepreneurial Consulting: An International Experience (3)

Partner Institution (12-15 credits)

Students may select, with approval by their academic advisor, from the following partner institutions where they will study towards the IB Major. The specific 300-level International Business courses taken at the partner institution will be determined during a discussion with the student's academic advisor.

PSB, Paris School of Business, (Paris, France) - Instruction in English and French; InHolland University (Haarlem, The Netherlands) – Instruction in English; Universita degli Studi di Milano-Bicocca (Milan, Italy) – Instruction in English; or Universitat Pompeu Fabra (Barcelona, Spain) – Instruction in English
