Upon Completion of the Driver Education course work:

Submit your transcripts to your respective Regional Office of Education for evaluation of endorsement requirements. Most likely, they will send your transcript into the state for evaluation to determine your Driver Education Certification. If you are missing any credits toward the certification, the Regional Office will let you know.

You may take this endorsement information to the Regional Office in advance of your registration for courses at Millikin University to verify the courses needed to obtain the Driver Education endorsement.
