2009 – 2010 Success Report Facts:

- ❑ The "Comprehensive Success Rate" is 97%. This includes a combination of graduates who are "Professionally Employed" (55%), "Continuing Education" (26%) and "Underemployed" (16%).
- ❑ The "Professional Success Rate" is 80%. This includes a combination of graduates who are "Professionally Employed" (55%) and "Continuing Education" (26%).
- ❑ Statistics are based on degrees and/or majors earned, not on graduates. 444 degrees and/or majors were earned. 41 students earned either double majors or double degrees. 9 majors/degrees reported that they are not currently seeking employment. This was due to a variety of reasons such as waiting to hear about graduate school acceptance, family commitments, or health issues. Because they are not seeking, they are not included in the overall tabulation of percentages. Numbers are tabulated on 324 majors/degrees.
- ❑ Graduate information was obtained from a variety of sources (graduates, family members, faculty, staff, Alumni Office, Facebook) for 333 degrees and/or majors, which is 75% of degrees and/or majors earned for 2009-2010.
- ❑ Percentages may not add up to 100% due to rounding.
- ❑ 13 disciplines reported a 100% Professional Success Rate. 37 disciplines reported a 100% Comprehensive Success Rate
- ❑ Respondents who reported continuing their education (full or part-time) are pursuing the following: These numbers may not match the Continuing Education category above. Some graduates were counted in the Professional Employment because they were only enrolled in school on a part-time basis.
