

PLACEMENT TESTING – SUMMARY Millikin University Registrar’s Office

ADVANCED PLACEMENT

In general, we do not recommend that students take the ENG LANG/COMP test since all new freshmen at Millikin are required to take a Freshman Seminar and Critical Writing, Reading and Research Courses and that test will not waive the (CWRR I) requirement. A passing score will be awarded as an English Elective for 3 credits.

Millikin requires students to take a lab-science course, a quantitative reasoning course, for some majors a literature course, a fine arts course, a U.S. Studies course, and to select one “track” to follow in a second language, semiotic systems or cultures and societies as part of their graduation requirements. Some students automatically fulfill these requirements based on their chosen majors. Several of the AP tests fulfill these requirements. Some examples of credit, given scores of 3, 4 or 5:

CLEP

The University grants credit for the College Level Examination Program (General Examinations) on the basis of a minimum score provided the student has not attended secondary school in the past three years. Six semester credits may be awarded for each test (except where indicated on the chart). In general, credit will be awarded in English and in areas outside the area of major interest of the student. Credits may be applied to elective University Studies requirements. Students are allowed to earn up to 30 credits by successfully completing CLEP exams. Students cannot receive credit for a CLEP exam if they have already attempted the equivalent course. CLEP exams can only be attempted once and cannot be repeated. **CLEP credit cannot count in the Major.** Students majoring in education cannot satisfy the English composition or Critical Writing/Reading and Research requirement through CLEP.

DANTES (DSST)

Millikin gives credit for DANTES Subject Standardized Tests. Credit is based on the subject area and can satisfy either General University Wide course requirements or in some cases courses required by a specific major. Official test scores must be sent to the Office of the Registrar for evaluation.

INTERNATIONAL BACCALAUREATE POLICY

Millikin University recognizes the International Baccalaureate program and awards six to eight semester credits for each higher level examination score of 5, 6, or 7. Credit will be awarded in general areas depending upon the subject completed by the student. No credit will be awarded for subsidiary exam results. The University Registrar will make final decisions regarding acceptance of International Baccalaureate credit. Exemptions from specific courses will be granted subject to departmental recommendation.

If you have any additional questions or would like to discuss the possibilities in more detail, I would encourage you to contact our Registrar's Office (1-800-373-7733 ext #9) and speak directly with either Walt Wessel, Registrar or e-mail at wwessel@millikin.edu or Karen Klein, Assistant Registrar or e-mail at kklein@millikin.edu.
