Major _____

Students must follow the
Academic and Professional Requirements
in the Tabor School of Business

Effective Fall 2016

The entrepreneurship minor is for you if you want to own a business, take ownership of projects within an organization, or be a self-employed free agent. As an entrepreneurship minor, student will learn to recognize opportunities, assess risk, and marshal resources. While practicing and mastering their craft in their major, students will experience and perform business ownership and operations in one of Millikin's student-run ventures of their own business.

Performance Learning

Performance Learning initiatives for 3rd parties in the community includes creating and running a business and managing a student-run venture.
