Connecting to Millikin’s Wireless Network
For iPad

1. On your iPad’s Home screen, tap **Settings**.
2. In the Settings menu, tap **Wi-Fi**.
3. In the Wi-Fi Networks menu, make sure your Wi-Fi is turned on.
4. Tap the Network you want to connect to:

   | MU-RESNET: Students |
   | MU-ADMIN: Employees |

5. In the **Username** field, enter your Millikin username as you use it to log in to myMILLIKIN and other Millikin applications (do not include the @millikin.edu).
6. In the **Password** field, enter your Millikin password; it is the same password you use for Millikin applications.

7. Tap **Join**.
8. It may take a few moments for the iPad to connect to the Wireless Network. If you have successfully connected, you will see a check mark next to the selected network, and the wireless notification in the upper-left corner of your iPad.
