  - PHI 210
  - SCI 290
  - CHI 101 - 202, FRE 107 - 210, GER 101 - 202
  - ITA 101, ITA 102, ITA 201, ITA 202
  - JPN 101 - JPN 202,
  - SPA 101, SPA 102, SPA 201, SPA 202, SPA 204, SPA 205, SPA 207

### College of Arts and Science Distribution Requirement

- **Literature course**
  - LIT 120 - LIT 205, SPA 240

- **Historical Studies**
  - HIS 101 - 260

  (*BS or BA Degrees only in College of Arts and Science*)

---

* IN 140 is waived if you have 24 or more cumulative transferable hours.
* Education majors who come to Millikin with an Associate of Science or Arts degree do not automatically receive a waiver on University Studies requirements. Your degree evaluation will depend on what the State of Illinois requires in terms of general education.

updated Fall 2013
Transfer courses which are college-level (non-remedial) that do not meet the Millikin University University Studies or Major requirements will be accepted as elective credit.

In most cases students will be allowed to transfer up to 66 credits from a community college. Exceptions may be made based on courses needed to fulfill University Studies or Major requirements.

The Bachelor of Science degree in the College of Arts and Sciences does not require language, however the degree does require 10 additional credits in Natural Science/Physical Science and/or Mathematics from no more than 2 areas. One course must be a lab science.

The Associate of Arts or the Associate of Sciences waives the following courses: IN 140, IN 150, IN 151, IN 250, IN 251, Fine Arts, Quantitative Reasoning, Lab Science, Communication Studies and the International Culture Structure courses.

Students seeking a Bachelor of Arts must complete at least an Intermediate Level language course to complete the degree.

Students seeking a degree from the College of Arts and Sciences must complete the distribution requirements.

Credit is given only to transfer course work in which a "C-" or higher is earned.
