Petition to Participate in Commencement Policy

A student in the last semester of studies, but who will not complete all degree requirements in time to receive the diploma at the next scheduled commencement, may petition to participate in graduation ceremonies.

The student must have the petition approved by his/her adviser, academic Dean and the Registrar. The petition may be approved if the student has **no more than eight credits or no more than two courses left** to complete the degree. The student must show evidence on the petition that all course work will be completed no later than the start of the next term immediately following their last term at Millikin. The Registrar must approve transfer of courses taken at another institution in advance.

The remaining minimum requirements to earn this degree are as follows:

__________________________________________________________________________________________________________________________________

__________________________________________________________________________________________________________________________________

__________________________________________________________________________________________________________________________________

My plans to complete the requirements are as follows:

__________________________________________________________________________________________________________________________________

__________________________________________________________________________________________________________________________________

__________________________________________________________________________________________________________________________________

Required Signatures:

Registrar __________________________________________

Millikin Dean ______________________________________

Faculty Advisor ____________________________________
