MILLIKIN INVESTS $2M IN RESIDENCE HALL IMPROVEMENTS

We know that college is more than where you study; it’s where you live. That’s why Millikin invested $2 million in 2015 to renovate all four first-year student residence halls (Aston, Blackburn, Dolson, and Weck). These upgrades included replacing furniture and flooring, upgrading bathrooms, and improving the structure of the buildings. The result is a more comfortable and convenient living experience.

FIVE AWESOME REASONS TO LIVE ON CAMPUS

ACTIVE STUDENT LIFE
Be close to where it’s all happening—fun campus activities, athletic events, dining facilities, fitness center, and friends that are only a few doors down from you!

ACADEMIC SUCCESS
It’s been shown that students who live on campus tend to have a higher graduation rate, better GPA, and an overall more satisfactory college experience.

SAFETY FIRST
All residence hall buildings have access-controlled entry, and The Woods is a gated community with HD color cameras, access-controlled amenities, and on-duty security officers.

COMFORTABLE LIVING
Experience all the conveniences of home while living in the residence halls, which come furnished and feature wireless internet, cable TV, phone-hookups, quiet study areas, and 24-hour laundry facilities. Hang out with friends in your room and watch a movie, or lounge around in the common area! When you move to The Woods sophomore year, you’ll be in our ultimate home with all of the amenities you could want.

COMPATIBLE ROOMMATES
Roommates are assigned based on criteria students disclose through the online housing application and roommate preference survey, so you’ll get to live with someone who shares common interests and goals.
FIRST-YEAR
All first-year students live in one of four on-campus residence halls.

- Aston Hall
- Blackburn Hall
- Dolson Hall
- Weck Hall

UPPERCLASS
Sophomores, juniors, and seniors live in The Woods at Millikin or fraternity and sorority housing.

Millikin’s historic Aston Hall opened in 1907 and features four traditional floors that house up to 100 residents. Aston is known for its tall ceilings, large hallways, and community-style bathrooms—all newly updated in 2015. It also offers a select number of triple rooms on the fourth floor, where you can overlook campus. Students are assigned to single-gender floors.

WECK HALL  
*First-Year Students*

Located directly across the street from Shilling Hall is Weck Hall, Millikin’s quaint two-story, suite-style residence hall. Weck houses 52 residents and includes a large first-floor lounge and study room. The benefits of living in this building include an intimate sense of community and single bathrooms shared by each group of four residents.

FIRST-YEAR LIVING LEARNING COMMUNITIES

Living Learning Communities (LLCs) are an option for students wanting to live on the same floor or in the same building as those who share a common interest, passion, or major. In addition, students have the added benefit of developing out-of-classroom connections with faculty staff sponsors. Students may indicate whether they would like to be a part of an LLC on their Millikin Housing Application.

BIG BLUE EXPERIENCE
Sponsored by the Office of Alumni and Development, this community is a great option for first-year students looking to get involved on campus by supporting the Big Blue athletic teams, and becoming active leaders on the Millikin campus.

ENTREPRENEURSHIP
Supported by the Tabor School of Business, the Business LLC offers programming and networking opportunities for its residents.

COMMITMENT TO THE ARTS
Supported by the College of Fine Arts, this community is focused on providing an environment fitting to the lifestyle of the busy fine arts student, while also encouraging creativity and individuality.

HONORS
An option for students accepted into the MU Honors Program, the Honors LLC fosters a home-like support system for students who share a passion for high academic achievement. The community naturally provides a structure for group classwork and discussion.

GLOBAL CITIZENSHIP
This globally-focused LLC is designed to allow American and International students to create a unique community together. Residents can expect programming on global awareness, diversity, and culture, as well as strong support from the Center for International Education.

LONG-VANDERBURG (LV)
First-year students accepted into the LV Scholars Program will automatically be reserved space in this engaging and active community. The LV Program recognizes high scholastic achievement among those students who have a demonstrated commitment to diversity, leadership, and community service.

NURSING
Students living in the Nursing LLC have a strong support network built into their community through specialized faculty interaction and programming.
The Greek community at Millikin consists of 11 chapters and five chapter houses, with over 25% of the student body choosing to join a fraternity or sorority during their time here. Going Greek allows students to focus on scholarship, service, and leadership while networking and creating life-long friendships.
